

## Media Release

Wednesday 5<sup>th</sup> October 2011

### ‘The Landing at Gosford’ Shop Front Opens

Member for Gosford, Chris Holstein will officially open 178 Mann St to the public on Wednesday 5<sup>th</sup> October 2011.

The shop front will provide people within Gosford CBD access to information about what will be happening on the Gosford waterfront.

The Landing at Gosford was officially launched on the 29<sup>th</sup> September and at the launch the shop front was discussed.

The Member for Gosford, Mr Holstein said “At 178 Mann St the public can come into the premises and look at what the plans are for the city’s waterfront. They can discuss the masterplan in detail with the staff on hand”.

“This is a continuation of the communication process established with the Gosford Challenge. It is about giving people access to the information and the plan.

The Landing at Gosford is the catalyst project for the revitalisation of the Gosford CBD. It is about reconnecting the city with the waterfront.

The purpose in having the shop front is to provide the community with the opportunity to comment on the plan.

“The shop will be open every Wednesday, Thursday and Friday from 10 am – 2pm, starting 5<sup>th</sup> October and concluding on the 21 October 2011” said Mr Holstein.

“I urge all interested parties to visit”
